

Balanced MSD Competition Injector Kits

MSD's Competition Injectors are now available in a balanced set! Each injector is flowed and paired with injectors that are all within 1% of the specifications. This close tolerance ensures parity between each cylinder so your fuel tune-up will be accurate and reliable.

- **Kits of eight injectors flowed and guaranteed to be within 1%**
- **Stainless steel ball and seat creates maximum internal sealing.**
- **MULTEC metering design produces superior fuel charge flow.**
- **Compact 10°-15° spray pattern atomizes fuel delivery.**
- **Recessed delivery holes improve flow and resist fuel clogging.**

Part Number	Description	MVP Price	UPC
20188	38 Pound Injector Set (8)	\$838.50	085132201884
20138	50 Pound Injector Set (8)	\$836.50	085132201389
20148	72 Pound Injector Set (8)	\$846.00	085132201488
20158	96 Pound Injector Set (8)	\$922.60	085132201587

** Not Legal for sale or use on pollution controlled vehicles.*

The complete performance electronics source

Ignitions, Coils, Spark Plug Wires, Timing Controls, EFI, Starters, Alternators, Magnetos, Gauges, Data Acquisition and more.
